

The Wacky Wafer Warehouse

Mission Statement

To attract any sugar-addict and absorb any and every kind of dessert made based on what each customer wants. With every passing day and with every customer served, we will expand our list of products to include everything ever made and desired. The Wacky Wafer Warehouse will rule the world!

Executive Summary

Here at the Wacky Wafer Warehouse, we want our customers to have the choice from any dessert they could think of. We are always adding products no matter how bizarre they sound or how overly abundant the amount of sugar it contains! Don't see a product that matches exactly what you want? Tell us! We'll add it to the menu! We're so confident that you leave satisfied, that there's a 100% Satisfaction Guaranteed sticker (100% recyclable of course) provided with every purchase. If you come back with that sticker, and the product that you were unsatisfied with, we'll give you a lifetime supply of Ramon Wafers! With that said... Welcome to the Wacky Wafer Warehouse!
